1950s Farmall super A - farm & garden - by owner - sale

The Farmall Super A was manufactured by International Harvester in the years 1947-1954. The Super A was an updated improved model of the A. One of the biggest changes was in reply to the 3-point system of Ferguson used on the Fords, a new touch controlled hydraulic system. The Super A has 4 forward gears and 1 reverse gear, and featured a wide front end, a 113 cubic inch 4 cylinder gasoline and kerosene engine.

Farmall Super A White Demonstrator Tractor. View the original source document: WHI 46226 The common belief in the IH collector community is that White Farmalls for the "Mid-Century Sales Promotion" were made in the first three months during 1950. For this campaign demonstration tractors were painted white instead of the usual Harvester Red color.

In the early 50s, IH introduced the Super Letter series – the Super A had been introduced in 1947 with around 17 HP and a hydraulic lift. The Super C came in 1951 with 23 HP and the two-point "fast hitch." In 1953, the Super H and Super M replaced the "ordinary" H and M with 30 and 44 HP respectively.
