The eminent philosopher Jonathan Glover believes that there is real hope of progress in the human interpretation of disordered minds. The challenge is that the inner worlds of people with psychiatric disorders can seem strange, like alien landscapes, and this strangeness can deter attempts at understanding.

**Alien Landscapes?: Interpreting Disordered Minds: Amazon...**

An alien landscape? One of the landmarks when Earth is seen from space is the thirty-mile-wide Richat Structure, or Eye of the Sahara, found in Mauritania (Figure 1.1). Some thought the Richat Structure was the work of extraterrestrials. Current evidence suggests it is a dome-shaped rock, first ...

**Alien Landscapes? — Jonathan Glover | Harvard University Press**

Glover proposes that instead of mental "states" or even "spectrums," psychology consider mentality to consist of "landscapes" which are complex structures which a person inhabits. This fascinating exploration of abnormal or "alien" landscapes offers stunning insight through medicine, history, literature, and art. flag Like · see review

**Alien Landscapes Interpreting Disordered Minds [EPUB]**

Do people with mental disorders share enough psychology with other people to make human interpretation possible? Jonathan Glover tackles the hard cases -- violent criminals, people with delusions, autism, schizophrenia -- to answer affirmatively. He offers values linked with agency and identity to guide how the boundaries of psychiatry should be drawn.
