About Areopagitica and Other Writings. A major new edition of Milton ' s selected works of prose, including his political and doctrinal writings and the famous Areopagitica. John Milton was celebrated and denounced in his own time both as a poet and as a polemicist. Today he is remembered first and foremost for his poetry, but his great epic Paradise Lost was published very late in his life, in 1667, and in his own time most readers more readily recognized Milton as a writer of prose.
