Clinical Experience. Clinical experience plays a key role in any nursing program. The more clinical experience a student has, the better prepared they are to enter the nursing field. Placement shortages, budget cuts and restrictions make clinical hours and experience difficult, leaving students without the training they need.

Live-actor video scenarios help you visualize what to expect in clinicals, ending with a question. Next, practice using clinical judgment skills to form and articulate your own plan of care in response to the question with a video-recorded or (new!) written response. Then take an opportunity to watch your response and re-record if you like.
