Dr Paul Attinello in Conversation with Stefano Carpani Sensory Loss in Aging - Professional Caregiver Webinar Changing The Course Of Aids Changing the Course of AIDS is an in-depth evaluation of a new and exciting way to create the kind of much-needed behavioral change that could affect the course of the global health crisis of HIV/AIDS. This case study from the South African HIV/AIDS epidemic demonstrates that regular workers serving as peer educators can be as—or even more—effective agents of behavioral change than experts who lecture about the facts and so-called appropriate health care behavior. After spending six years ...

Indisputably, says David Dickinson in the introduction to Changing the Course of AIDS, "a great deal has been written in the last two decades about HIV/ AIDS, especially on the pandemic afflicting Southern Africa" (vii). Much of this work, however, may have gone unread by Africanists who expect accounts of HIV/AIDS prevention and treatment to ...
