CHOOSE | meaning in the Cambridge English Dictionary

Choose is the simple present tense form of this verb. With a helping or auxiliary verb like will or should, choose becomes the simple future form as well.. One might choose which sandwich to order from a restaurant, or which night to go out with friends, or which person to marry.. Here are some examples, Andy has proven time and time again that he will choose money over happiness.

Choose vs. Chose: What's the Difference? - Writing Explained

The not, like all operators with a focus, may go either immediately before its focussed constituent (in this case, before do bad things), or it may go immediately before any constituent that contains the focus (in this case, before to do bad things, since the infinitive clause starting with to contains the focussed verb phrase do bad things. Of course, every time you move the negative up one ...
