Manual/DRO + Conversational/DXF + Standard G-Code programming enables the versatility of operating the machine manually, programming at the shop floor, importing DXF, or importing standard G-Code programs.

DynaPath Machines - Windsor Industrial Sales
Robot Garden was delighted when Buildbotics offered to revive the Dyna with their new Open-Source CNC controller. The Dyna retrofit demonstrates some of the power and flexibility of the Buildbotics controller. For instance, the stepper motors on the Dyna only provide 27 ounce-inches of torque. The original machine compensated for this low torque by providing a 10 to 1 gear ratio between the ...
