COOL EDIT PRO USER MANUAL - mixpinaz.forumotion.com

Evidently, Syntrillium has been "taken over" by Adobe and Cool Edit Pro is now called "Adobe Audition". Hey, thanks for taking really nice words like "Pro" out of the name of your product. \*sigh\* Anyway, in response to your question about the manual for Cool Edit Pro...hee's the latest link to where Syntrillium has gone...

Cool Edit Pro 2.0 Manual - Home Recording forums

There is no "step by step" manual. There are a couple of books out, including Audio Editing With Cool Edit Pro by Robert Riley. I see copies every so often (since there's no longer a Cool Edit Pro, I guess they haven't bothered to reprint it).

Cool Edit Pro Free Download for Windows 10, 7, 8/8.1 (64 ...

I have the 2.0 manual, but it's 300+ pages long. A better alternative is to buy a copy of Robert Riley's Audio Editing With Cool Edit Pro which is geared toward 2.0 and equally applies to Adobe Audition. I find its organization better than Syntrillium's manual. You can also search the Help files. I think everything in the manual is there.

Cool Edit Pro 2.0 manual search - Sweetwater

Essentially, if the user knows how to operate a real mixer and recorder, then he or she should have no problems with the concepts of running the Cool Edit Pro virtual mixer and recorder. Whether you plan to clean up individual audio tracks or record and mix a song, Cool Edit is relatively intuitive and easy to use.

User reviews: Syntrillium Cool Edit Pro 2.x - Audiofanzine

Cool Edit Pro 2.1 does record on Windows 7. Download the latest drivers for your soundcard that are compatible windows Windows 7. My external soundcard is 7 years old and still works perfectly!!! Windows 7 audio controls (especially recording) are now handled very differently from before. I found this solution after googling my problem.
