~~Culture, Architecture, and Design Amos Rapoport~~

Focusing on answers to these and other questions, "Culture, Architecture, and Design" discusses the relationship between culture, the built environment, and design by showing that the purpose of design is to create environments that suit users and is, therefore, user-oriented. Design must also be based on knowledge of how people and environments interact.

~~Books by Amos Rapoport (Author of House Form and Culture)~~

However, I have completed extensive study of architecture, interior design, product design, and working my way through rather academic books on various human centric sciences such as cultural anthropology, evolutionary psychology and neurology, etc. So much for my current study background. This is a thin book and a rather easy read.
