I've only had the sub for 2 days and I haven't played with it much so I don't quite yet have the sound I'm trying to achieve, but I will pretty soon. I first hooked it up to the LFE output on the back of my receiver and turned the volume up on the sub and the sub volume on the receiver and I noticed that it wasn't as loud as my smaller 50-watt sub. I then hooked it up with the speaker level ...
