Feminism, the Public and the Private Conceptualizations of the public and the private have always been central to the politics of second-wave feminism. The slogan, "the personal is political," implied that private life was often the site, if not the cause, of women's oppression. In 1974, some of the authors of Woman, Culture and Society (Lamphere and Rosaldo 1974), one of the founding texts of academic feminism, asserted that the universal cause of women's oppression lay in their confinement ...

As the slogan 'The Personal Is Political' attests, a feminist movement moves in two directions, placing the gendered organization of both public and private space at centre stage. Feminists did not invent the vocabulary of public and private, which in ordinary language and political tradition have been intimately linked.

**Feminism, the Public and the Private, 1998 | Online ...**

Central to the feminist perspective is that men dominate the public sphere whereas women are essentially relegated to the private sphere. This dichotomy has served to entrench the patriarchal system and ensure the oppression of women. For instance, women find it difficult to raise issues that impact upon them.

Feminist activists have established a range of feminist businesses, including women's bookstores, feminist credit unions, feminist presses, feminist mail-order catalogs, and feminist restaurants. These businesses flourished as part of the second and third-waves of feminism in the 1970s, 1980s, and 1990s.

**Feminism - Wikipedia**

In her introduction to a collection of feminist writings on the public/private divide, Joan Landes situates the private sphere " as a site of sexual inequality, unremunerated work, and seething discontent, " as well as " problems accompanying woman ' s multiple roles as wife, mother, sexual companion, worker, and political subject, " leading to " private despair " and " private isolation " (1998: 1), which feminism was to address.

**Feminism and the Retreat from the Public | SpringerLink**

Health inequities are one of the central problems in public health ethics; a feminist approach leads us to examine not only the connections between gender, disadvantage, and health, but also the distribution of power in the processes of public health, from policy making through to programme delivery.

**Feminism and public health ethics - PubMed**

0 Reviews. Western thought has long been characterized by an ideological divide between public and private spheres. In the industrial era, the divide became highly gendered as men dominated the public spheres of politics and work, while women were closely associated with family and home. In the late twentieth century, social and legal policies have promoted equal opportunities in the labour force and shared responsibilities in the family.

From the scholarly corners of the world, ecofeminism, which places a feminist lens onto environmental issues has reemerged. With a name that is merely a combination of ecology and feminism, on the surface it appears to be a movement for women concerned about the environment. But it is a bit more complicated than that.

Feminist art in the public eye. Winning hearts and minds can be as important as direct action. Art by Thomas Sargeant. Feminist art is intrinsically activist art. While feminism is admittedly a loose term that encompasses a whole range of beliefs about our world and how to change it, all of these definitions involve reshaping the world as it stands to achieve equality of sex and gender.
