In Levine's view, it is the synthesis of Amhara and Oromo, under emperors who trace their origins to King Solomon, that makes for the unique social system that he calls Greater Ethiopia. The key to the self-understanding of the people who embrace this synthesis, according to Levine, is the fourteenth century Tigrean literary work "Kibre Negest" ("Glory of Kings," sometimes transliterated as 'Kebra Nagast').

Greater Ethiopia combines history, anthropology, and sociology to answer two major questions. Why did Ethiopia remain independent under the onslaught of European expansionism while other African political entities were colonized? And why must Ethiopia be considered a single cultural region despite its political, religious, and linguistic diversity?
