This is the first time I've read a book on Kindle and what a terrific read it is - Gerry Fiennes' "I tried to run a railway". Amongst railway books this has achieved almost iconic status and it's easy to see why as it takes one into the corridors of power behind the running of part of a large nationalised organisation.

Dude, I know how to assemble and link code. If I didn't, I wouldn't have gotten far enough to have this problem in the first place. In fact I had to go a step further than you by 1) adding the "-f elf64" option to nasm and adding "-lc" to ld since I called C functions in the program, so I probably know more than you do in fact.
