Introduction International
relations (IR) theory is
difficult to define. It is

Access PDF Introduction To International Relations

often taught as a theory that seeks both to explain past state behavior and to predict future state behavior. However, even that definition is contested by many theorists.

Theories and Approaches

Liberal international relations theory arose after World War I in response to the inability of states to control and limit war in their international relations. Early adherents

Access PDF Introduction To International Relations

include Woodrow Wilson and Norman Angell , who argued that states mutually gained from cooperation and that war was so destructive as to be essentially futile.
