Plants Unit (PowerPoint, Lessons, Printables)

This week we learned about spring and plants. This has to be one of my favorite units. We began our unit by reading Peter Rabbit. We also received a letter in the mail from Mr. McGregor himself. He needed serious help with learning about plants and how to take care of a garden.

Mrs. Lee's Kindergarten: Spring and Plants

It was 50 degrees here in Wisconsin today, which basically means it's time to break out the flip flops and get outside. We are thinking spring thoughts and hoping for warmer days soon, so it's time to get started on our spring themes in preschool. It is too early to do any planting outside, but we are learning about plants so we're ready to head outside as soon as we get a taste of warm ...

Plant Emergent Reader with Activities {Facts About Plants ...
Overview. There are many different kinds of plants, flowers and trees around us. In this unit, students will dissect, discover, sort, and plant seeds. While recording growth over time, students will identify the structures of plants, including seeds, roots, stems, leaves, flowers and fruit. Finally, they will learn how much we depend upon plants by categorizing common plant products found in our classroom and in their home.
