Legal Reforms in China
Chinese Legal Reform and the Global Legal Order. This volume critically evaluates the latest legal reform of China, covering major areas such as trade and securities law, online privacy law, criminal law, human rights and international law. It represents a bold departure from the most recent works on Chinese legal reform by engaging the ideas of experts in contemporary Chinese law with the archival scholarship of Chinese legal historians.

Modern Chinese Legal Reforms designed as a legal and political research tool to help English-speaking scholars interpret the many recent changes to China's legal system. Investigating subjects such as constitutional history, the intersection of politics and law, democratization, civil legal practices, and judicial mechanisms, the essays in this volume situate current constitutional debates in the context of both the country's ideology and traditions and the wider global community.
