Substance Use Motivation Ruler. The Substance Use Motivation Ruler is an excellent tool derived from motivational interviewing. Ask your client to pinpoint, on a scale of 1 to 10, how motivated they are to end their drug use. In this case, 1 means "not at all motivated" and 10 means "completely motivated".

Motivational Interviewing Worksheets for Adolescents...

This, in a nutshell, is what Motivational Interviewing is all about. Motivational Interviewing works by instilling intrinsic motivation within the patient in order to elicit behavior change. Instead of trying to push and convince them – which evidence shows usually backfires – the therapist gently and empathically guides them to articulate why they want to change on their own.

Motivational Interviewing for Teens, Adolescents

Motivational Interviewing in Adolescent Treatment Demonstrating the Relational Components in the First Session The first statement in an MI intervention should encompass the MI spirit. The key is to convey that treatment will support the adolescent 's desired changes (guiding, rather than directing, which changes should be made). For example,
