PACCAR Engines | Service,  
Training, & Diagnostic Tool

In all honesty, so far, our MX engines are more reliable and fuel efficient than our Cummins by quite a bit. The main issues with MX's is the aftertreatment, which is the same system used on Cummins, Paccar does not make that. We've had almost every ISX CM2250 and 2350 get overhauled around 200,000 for using oil due to carbon packing of the rings.
