How to Paint With Watercolors: Watercolor Painting for ...  
As you probably now realize, the primary colors yellow, red, and blue, are the backbone of any watercolor palette. Primary paint colors are an indispensable part of your palette because you cannot mix primaries from any other paint colors. Almost every possible color mixture can be obtained using just a few primary color paints.

The Essential Guide to Watercolor Mixing  
The watercolor paint found in tubes is thick. It can be squeezed out on a palette and thinned with water in order to apply translucent applications. When tube paints dry, they can be reactivated just like cake or pan watercolors. Tube paints are best for intense colors. The color is naturally more concentrated than the cake form of the paint.
