Palace of Ashes: China and the Decline of American Higher ...

In addition to possessing the world ' s largest economies, China and the United States have extensive higher education systems comparable in size. By juxtaposing their long and distinctive educational traditions, Palace of Ashes offers compelling evidence that American colleges and universities are quickly falling behind in measures such as scholarly output and the granting of doctoral degrees in STEM fields.

TextBook Palace Of Ashes China And The Decline Of American ...

Palace of Ashes argues that the overall quality of U.S. institutions of higher learning has declined over the last three decades. Mark S. Ferrara places that decline in a broad historical context to illustrate how the forces of globalization are helping rapidly developing Asian nations—particularly China—transform their major universities into serious contenders for the world ' s students, faculty, and resources.

Palace of Ashes | Johns Hopkins University Press Books

November 12, 2015. In Palace of Ashes: China and the Decline of American Higher Education (Johns Hopkins University Press), Mark S. Ferrara contrasts the “ downward trajectory ” of American higher education against the rise of China ' s university system. Ferrara, an associate professor of English at the State University of New York at Oneonta, argues that reductions in public funding and deprofessionalization of the faculty have left American higher education ill prepared to compete in ...
