Range Rover P38 P38a 1997

It is usually known as the Range Rover P38 or P38A outside of Land Rover, after the office building in which the vehicle development team was based. During the early development stages, the Engineering team was based in the Engineering Block at Solihull, and the vehicle was known by the project designations of 'Pegasus' and 'Discovery,' changing to P38A when the team moved to Block 38A at Solihull.

Repair Service Manual - Wikipedia  
Now becoming almost as classic as its so-named predecessor, the new generation Range Rover P38A could a be cunning modern classic buy. Here's what you need to know. The Range Rover P38A was launched in 1994, as a replacement for the 24 year old Range Rover Classic. It didn't directly supersede its predecessor; both cars were available concurrently for the first year of production as people adjusted to the new model.

The P38 as it was known (named after the building in which it was assembled), was offered with diesel power courtesy of BMW's 2.5-litre six-pot, and by 1999 it was rocking Bosch fuel injection. BMW knew how much love there was for the original Spen King-designed model though, and kept it in production for a year badged as the Classic.

Range Rover P38 (1995-2002)  
15th August 2008 The famous British Range Rover has been around for many years and is capable of far more than just the school run. The stately home on wheels can be described as classless. It does not matter whether you are a multi millionaire or just a middle class family, it appeals to a wide range of people.
