With a single faultless shot, Detective Harry Bosch thought he had ended the city's nightmare. I stayed up reading until 2:30 in the morning because I wanted to finish 'The Concrete Blonde'. In Harry Bosch's third adventure in the series, the detective is standing trial for his actions in killing a serial killer four years earlier. When the police receive a note from the supposedly dead killer, it throws Bosch's world into utter chaos.

But four years later, Norman Church's widow is taking Bosch to court, accusing him of killing the wrong man. To make matters worse, Bosch has just received a note, eerily reminiscent of the ones the Dollmaker used to taunt him with, giving him a location where a body can be found.

I like the later Harry Bosch novels, but this one evinces a Connelly initially trying to find his way to a good story that's also plausible. The Concrete Blonde is as realistic, from the standpoint of the centerpiece lawsuit, as a Calvin P Yeen on a Cowboy helmet in downtown Dallas.
