Lesson from Casey Neistat *The Internet And Dispute Resolution*

This new book explains how alternative dispute resolution first moved online, how it evolved, and how ODR is now being applied. You'll find out about the different types of ODR methods and how to incorporate them into your own practice. You'll also benefit from a helpful survey of ODR providers around the U.S. and internationally.

The Internet and Dispute Resolution: Untangling the Web ...

Alternative dispute resolution, namely, mediation and arbitration, brought dispute resolution out of court. Digital Justice introduces the reader to Online Dispute Resolution (ODR) and processes that are bringing dispute resolution to cyberspace, where those who would never look to a court for assistance can find help via a smartphone.

Digital Justice: Technology and the Internet of Disputes ...

Online dispute resolution is a branch of dispute resolution which uses technology to facilitate the resolution of disputes between parties. It primarily involves negotiation, mediation or arbitration, or a combination of all three. In this respect it is often seen as being the online equivalent of alternative dispute resolution. However, ODR can also augment these traditional means of resolving disputes by applying innovative techniques and online technologies to

resolution). 5 The term covers disputes that are partially or fully settled over the Internet, having been initiated in cyberspace but with a source outside it (offline) (Abdel Wahab, Katsh, & Rainey, 2012). In literature on the subject, the terms electronic ADR (eADR), online ADR (oADR) and Internet dispute resolution (iDR) are treated as synonymous.

Online dispute resolution: The future of justice ...

Cross-border internet dispute resolution. Professor Julia Hörnle 's research into Online Dispute Resolution has had a clear impact in government policies and the drafting of legislation at international level (UNCITRAL, Organization of American States (OAS)), EU level and UK level. ODR is an extremely new field (only 10-12 years' old) and there is little expertise in the area among lawyers, government and other policymakers.

Cross-border internet dispute resolution - School of Law

Online dispute resolution ("ODR") has become a substitute to face-to-face arbitrations and mediations in the recent years. It provides the option to select a neutral judge to review the relevant documents and render a decision by using the latest technology.
