~~The Role of the Preceptor – Healie~~

Precepting involves three people: the preceptor, the student and the faculty member. Each role has the following responsibilities: Preceptor. The preceptor is an experienced registered nurse who is enthusiastic about the nursing profession and has a desire to teach. A preceptor prepares students using a variety of skills.

~~Preceptor Responsibilities | School of Nursing ...~~

The preceptor role in undergraduate nursing education is complex and multifaceted. Undergraduate nursing students identify preceptors as key to their learning in the clinical setting; however, staff nurse preceptors often feel unprepared to serve in this role. This integrative literature review explores the role of the staff nurse preceptor ...

~~The Role of the Clinical Preceptor: An Integrative ...~~

The preceptor plays an important role by guiding and role modelling their knowledge, skills and practice to increase confidence and enhance students ' practice, giving them the opportunity to be moulded through positive engagement into an autonomous, decision making practitioner . This form of learning in practice, mediated by a preceptor, is conducive to the development of a critical awareness by the student about reality.

~~Preceptors ' perception of their role as educators and ...~~

The preceptor is an important role that provides the foundation to prepare your new staff member to practice independently. As a preceptor, you have the power to influence the rest of their career. You will either be the reason they become enthusiastic about nursing, or the reason they question their practice.

~~The Nurse Preceptor – Assisting Nurses to overcome the hurdles~~

The goal of the preceptor is to provide valuable teaching and learning experiences and to role model safe patient care using evidence-based practice. Preceptors may be working with a nurse in her first job or a nurse with 20 years of experience, but is new to the unit. And preceptors themselves have varying levels of experience in the role.

~~Become a successful preceptor – American Nurse~~

That is where a nurse preceptor comes into play. The duty of a nurse preceptor in a healthcare facility is to provide important mentoring, teaching and learning experiences for new or experienced nurses who are new to a particular department or health care facility. As a preceptor, you may be working with a nurse that is fresh out of college, or a nurse with 25 years of experience but is new at that unit.

~~What is a Nurse Preceptor? | HealthGrad~~

The preceptor role is undergoing changes associated with many factors, including workplace, type of nursing, and preceptees' varying learning needs. Awareness of the importance of this role and ongoing support are critical to its future success.
