The World Is Flat: A Brief History of the Twenty-first Century is an international best-selling book by Thomas L. Friedman that analyzes globalization, primarily in the early 21st century. The title is a metaphor for viewing the world as a level playing field in terms of commerce, wherein all competitors, except for labor, have an equal opportunity. As the first edition cover illustration indicates, the title also alludes to the perceptual shift required for countries, companies, and individuals

The World Is Flat - Wikipedia

The World Is Flat is Thomas L. Friedman's account of the great changes taking place in our time, as lightning-swift advances in technology and communications put people all over the globe in touch as never before--creating an explosion of wealth in India and China, and challenging the rest of us to run even faster just to stay in place. This updated and expanded edition features more than a hundred pages of fresh reporting and commentary, drawn from Friedman's travels around the world and ...

The World Is Flat: A Brief History of the Twenty-First ...

"The World is Flat" tackles a prickly topic that is changing our world as we speak - globalization brought about by technology that makes proximity far less relevant than ever before. Friedman discusses how technology is bringing 3 billion Chinese, Indian and Eastern European citizens into more or less direct competition with Americans and Western Europeans for business and jobs.
