Our family owned business has been converting 20ft shipping containers into tiny houses since 2015. We invite you to take a look at tiny house living from a unique perspective: Tiny House Containers are designed for an adventurous and dynamic lifestyle. We offer a variety of models and accessories based on real world experience.

Container Living - tiny-house-container

Container home number six can definitely be considered "tiny" though at just 192 square feet using a 24' long container. It will cost you upwards of \$59,500 if you want one built for you by Seattle-based Hybrid Architecture. This particular design is called The Nomad and in 2011 was featured in Sunset Magazine.

Top 10 Shipping Container Tiny Houses

Shipping containers are not very wide - usually 8 ft. Compared to a tiny house on a trailer, it's not that narrow, but that extra 0.5 ft or so can make a big difference. If you want complete control over the dimensions of your tiny house, a shipping container won't be the way to go. Shipping Containers Can Get Very Hot

How to Convert a Shipping Container into a Tiny House in ...

Shipping container homes are a great entry point into living in a tiny house. Shipping containers are rugged and durable, built to withstand 100+ mile per hour winds, huge waves and long journeys on cargo ships. What better hardy structure to live in than a shipping container home? It's no surprise why shipping container homes are popular.
