## User Modeling

This book constitutes the refereed proceedings of the 20 th International Conference on User Modeling, Adaptation, and Personalization, held in Montreal, Canada, in July 2012. The 22 long and 7 short papers of the Research Paper Track presented were carefully reviewed and selected from 101 submissions. The papers are organized in topical sections on user engagement; trust; user motivation, attention, and effort; recommender systems (including topics such as matrix factorization, critiquing, ...

and User-Adapted Interaction (UMUAI) provides an interdisciplinary forum for the dissemination of novel original research results about interactive computer systems that can be adapted or adapt themselves to their current users, and on the role of user models in the adaptation process.

About UMUAI - The Journal of  
Personalization Research

The program also features 3 demos, 3 theory, opinion and reflection papers and 14 late breaking results papers presented in UMAP poster session, which collectively showcase the wide spectrum of novel ideas and latest results in user modeling, adaptation and personalization.
